Cultural Directions Will Be Sent With Each Order

"The bushels of daffodils that I have put into the two gardens on the farm over the years are now 'paying off' beautifully. That hillside rock garden with the bulbs naturalized is gorgeous in spring. It should be, I put enough time and effort into it, I'll say. The other garden is in what was a barnyard for 200 years, informal, but a real 'traffic-stopper' from spring until fall."

Mrs. K. K. Schulte, Baltimore, Maryland

"We are anxious to put some bulbs out under the pine trees, not the finer varieties because we must plant a goodly number . . . I would also like a dozen good bulbs for a spring border."

Mrs. Linwood Antrim,
Richmond, Va.

"I so enjoyed the River's Edge mixture and the different type flowers."

Mrs. John Coffey,
Morgantown, Indiana

"I had excellent results with bulbs ordered from you last season, and visitors at my show garden admired my daffodils so much."

The Grooms Garden, West Union, Ohio

"A number of years ago I answered your advertisement in some magazine and ordered a peck of your mixed variety daffodils and jonquils. I am still enjoying these bulbs and have given away to neighbors hundreds."

Mrs. Emmette Chandler,
Abilene, Texas

"I would like to naturalize some of your daffodils in our orchard here. I ordered some two years ago and they have done well in utter neglect!"

Mrs. Charles W. Hendel, Brandon, Vermont

"Three or four years ago I ordered a bushel of daffodils from you. They were breath-takingly beautiful this year."

Mrs. Kenneth Knowlton,
Freeport, Ill.

"We have enjoyed the bulbs we got from you so very much. Last spring in our Purple Perfection tulips I found one of the largest parrot tulips I've ever seen. I think it is a sport. I took it up and planted it separately so I can watch it later. The other tulips and King Alfred daffodils were just grand. When they bloom, I think of you and your acres of bloom. Know you enjoy them."

Miss Florence Bailey, Crane Hill, Alabama

Dear Friends and Gardeners:

This year four snows in March held our daffodil buds suspended until several weeks beyond their usual blooming time. Finally on about April 1 nearly half the daffodils on our farm popped into bloom on one warm day.

We had quite a hectic time getting our fast-blooming daffodils to flower markets. Plenty of rain throughout the spring gave us a favorable growing season however.

We suggest that you look over the above descriptions of handmade daffodil mixtures. Buying in bulk gets you the most bulbs for your money, and the mixtures give you a selection of different types and a prolonged blooming season. (The varieties in our mixtures bloom over a period of from four to six weeks.)

Sincerely,
(MRS.) SELINA L. HOPKINS
